INDEPENDENT AUDITORS' REPORT

Board of County Commissioners
Montrose County, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of Montrose County, Colorado (the County), as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business- type activity, each major fund, and the aggregate remaining fund information of Montrose County, Colorado, as of December 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund financial statements and schedules, the EBT Authorization Schedule, and the Local Highway Finance Report are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, the EBT Authorization Schedule, and the Local Highway Finance Report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, the EBT Authorization Schedule, and the Local Highway Finance Report are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Board of County Commissioners
Montrose County, Colorado

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 10, 2018, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**MONTROSE COUNTY, COLORADO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2017**

As management of Montrose County, Colorado (the County), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2017. We encourage readers to consider the information presented here.

Financial Highlights

- The assets of the County exceeded its liabilities and deferred inflows of resources as of December 31, 2017 by \$160,693,335. Of this amount, \$46,991,482 is unrestricted and may be used to meet the government's ongoing obligations to citizens and creditors.
- The County's total net position increased by \$4,039,796.
- As of December 31, 2017, Montrose County's governmental funds reported combined ending fund balances of \$48,947,785, an increase of \$7,549,069 from 2016. Approximately 40% of this total amount, \$19,795,605 is unassigned and available for discretionary spending for the benefit of county citizens.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$19,795,605, or 89% of total general fund expenditures (including transfers out).
- The County's total debt increased by approximately \$13.7 million during 2017 due to a new lease purchase agreement in the amount of \$14 million. Increase during current year was offset by payment of \$335,000 on the Series 2012 Certificates of Participation.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government Wide Financial Statements: The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets, liabilities and deferred inflows of resources with the difference between the three reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

**MONTROSE COUNTY, COLORADO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2017**

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, health and human services, public safety and protection, and road and bridge services.

The government-wide financial statements can be found on pages 14 - 15 of this report.

Fund Financial Statements: A fund is a grouping of related accounts that is used to maintain control over resources, which have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 11 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, road and bridge fund, social services fund, capital expenditures fund, and public safety sales tax fund, all of which are considered to be major funds. Data from the other 6 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for each individual governmental fund. A budgetary comparison statement has been provided for all governmental funds to demonstrate compliance with these budgets.

The basic governmental fund financial statements can be found on pages 16 - 19 of this report.

**MONTROSE COUNTY, COLORADO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2017**

Proprietary Funds: The County Government maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business- type activities in the government-wide financial statements. The County Government used an enterprise fund to account for its Montrose County Airport Fund. Internal Service funds are used to account for goods or services given to one department by another on a cost reimbursement basis. The County Government used an internal service fund to account for its Internal Fleet Management Fund and its Internal Communications Center Fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Montrose County Airport Fund, which is considered to be a major fund of the County Government.

The basic proprietary fund financial statements can be found on pages 20 - 22 of this report.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 23 of this report.

Notes to Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 24 of this report.

Other Information: Required supplementary information consists of budgetary comparison statements for the General and major Special Revenue Funds, beginning on page 43 of this report. The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information and begin on page 48 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities and deferred inflows of resources by \$160,693,335 at December 31, 2017.

By far the largest portion of the County's net position (69%) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure); less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net position (2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$46,991,482) may be used to meet the government's ongoing obligations to citizens and creditors.

At December 31, 2017, Montrose County is able to report positive balances in its governmental and business-type activities total net position. The same situation held true for 2016.

Governmental activities increased the County's net position by \$4,653,031.

The County's net position for the Montrose Regional Airport (its business-type activity) decreased by \$613,235.

**MONTROSE COUNTY, COLORADO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2017**

General Government Functions (\$000)

The financial operations of the governmental funds - the County's general, special revenue, capital project, and debt service funds - are summarized here. The following schedule presents a summary of the governmental funds revenues from various sources for the fiscal year ended December 31, 2017 and the changes from the prior year.

REVENUE SOURCE	2017		2016		Increase (Decrease)	
	Amount	Percent	Amount	Percent	Amount	Percent
Taxes	\$ 25,167	53.5 %	\$ 24,666	54.1 %	\$ 501	2.0 %
Licenses and Permits	497	1.1	362	1.0	135	37.3
Intergovernmental	16,304	34.6	15,824	34.6	480	3.0
Charges for Services	2,028	4.3	2,013	4.0	15	0.7
Charges to Governments	161	0.3	321	0.7	(160)	(49.8)
Internal Charges	1,886	4.0	1,799	4.4	87	4.8
Miscellaneous	1,023	2.2	766	1.2	257	33.6
Total Revenue (\$000)	<u>\$ 47,066</u>	100.0	<u>\$ 45,751</u>	100.0	<u>\$ 1,315</u>	2.9

Overall revenue increased by 2.9% or \$1,314,509 in 2017 over 2016.

The largest source of revenue for 2017 was derived from taxes, 53.5% of total revenues. Overall, tax revenue increased by 2% or \$500,800. Property tax revenue in 2017 decreased by \$286,289 or 2.4% over 2016 due primarily to a decrease in the temporary mill levy credit for 2017.

Licenses and permits had a 37% increase from 2016 due primarily to an increase in the total valuation of building permits issued in 2017.

Intergovernmental revenue increased in 2017 by \$480,015 or 3%, due primarily to increases in federal and state funding.

Charges for services increased 0.7% due primarily to an increase in traffic code fees collected in the Public Safety Sales Tax fund. Charges to other governments were 50% or \$160,462 less than 2016 due to Congress not reauthorizing the Secure Rural School Payment for 2017. This decrease is seen in the Road and Bridge fund.

Miscellaneous revenue was more in 2017 than 2016 due primarily to an increase in investment income the County received on its cash investment portfolio for 2017.

**MONTROSE COUNTY, COLORADO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2017**

The following schedule presents a summary of the governmental funds expenditures for the fiscal year ended December 31, 2017 and the changes from the prior year.

	2017		2016		Increase (Decrease)	
	Amount	Percent	Amount	Percent	Amount	Percent
EXPENDITURES						
General Government	\$ 25,375	45.6 %	\$ 11,332	26.5 %	\$ 14,043	123.9 %
Health and Human Services	7,935	14.3	8,332	19.5	(397)	(4.8)
Public Safety and Protection	11,444	20.6	11,623	27.1	(179)	(1.5)
Road and Bridge Services	10,271	18.5	11,109	26.0	(838)	(7.5)
Debt Service	575	1.0	389	0.9	186	47.8
	<u>575</u>		<u>389</u>		<u>186</u>	
Total Expenditures (\$000)	<u>\$ 55,600</u>	100.0	<u>\$ 42,785</u>	100.0	<u>\$ 12,815</u>	30.0

Overall expenditures for 2017 were \$12,815,585 or 30% more than 2016 (including capital outlay and debt service expenditures).

The largest increase was related to the general government function, which was a result of \$14,957,093 in capital outlay associated with the County's on-going construction of the Events Center and road and bridge facility.

Business-Type Activities: The decrease in the net position for the Montrose Regional Airport was \$613,235. The primary reason for the decrease was due to a 43.7% decrease in capital grants received during 2017 when compared to 2016.

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2017, the County's governmental funds reported combined ending fund balances of \$48,947,785, an increase of \$7,549,069 over the prior year. Approximately 40% of this total amount constitutes unassigned fund balance, which is available for spending to meet the needs of county citizens. The remainder of fund balance is separated into three categories. (1) Non-spendable fund balance which includes amounts that cannot be spent because they are either not in spendable form or they are legally or contractually required to be maintained intact (\$1,325,718); (2) Assigned fund balance is constrained by the County's intent to be used for a specific purpose (\$24,802,808); and (3) Restricted fund balance has constraints placed on the use of these resources either externally imposed by creditors, grantors, contributors, or have been imposed by law through constitutional provisions or enabling legislation, 1) to pay debt service (\$338,980), 2) to provide an emergency reserve as required by the TABOR amendment (\$1,162,114), or 3) other restricted fund balance (\$1,522,560).

**MONTROSE COUNTY, COLORADO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2017**

The General Fund is the chief operating fund of the County. At December 31, 2017, unassigned fund balance of the General Fund was \$19,795,605 while total fund balance reached \$20,970,499. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures (including transfers). Unassigned fund balance represents 89% of total General Fund expenditures (including transfers out), while total fund balance represents 94% of that same amount.

The fund balance of the County's General Fund decreased by \$1,278,701 during 2017, which was due to an increase in transfers to other funds of \$4,606,032 above 2016.

The Road and Bridge Fund had a total fund balance of \$12,047,153 of which \$881,568 is non-spendable for inventories. The net increase in fund balance in this fund during 2017 was \$3,171,597. The increase resulted primarily from an increase in overall revenue received and a reduction in the cost of paving oil and other operating costs associated with road projects during the year.

Fund balance in the Social Services Fund increased by \$601,996 to \$2,285,934 by the end of 2017. The increase was due primarily to reductions in overall operating costs.

The Public Safety Sales Tax Fund increased its fund balance by \$778,447 during 2017. Total fund balance for this fund was \$2,983,274 by the end of 2017.

Fund balance in the Capital Expenditures Fund increased by \$4,268,720. Total fund balance for this fund was \$7,185,116 at the end of 2017.

Fund balances for all other governmental funds increased by \$7,010 during 2017.

Proprietary Funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Montrose Regional Airport at December 31, 2017 amounted to \$1,603,975.

Other factors concerning the finances of these entities have already been addressed in the discussion of Montrose County Government's business-type activities.

**MONTROSE COUNTY, COLORADO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2017**

Capital Asset and Debt Administration (\$000)

Capital Assets. The County's investment in capital assets for its governmental and business-type activities as of December 31, 2017 amounts to \$126,501,342 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, machinery, construction in progress, equipment, and infrastructure. The total net increase in the County's investment in capital assets for the current fiscal year was \$10,261,134.

Major capital asset events during the current fiscal year included the following:

Construction in Progress – Events Center \$14,003,622

	Governmental Activities		Business-Type Activities		Total

Additional information on the County's long-term debt can be found in Note 6 on pages 38 - 39 of the financial statements.

**MONTROSE COUNTY, COLORADO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2017**

Economic Factors and Next Year's Budgets and Rates

- According to the Colorado Department of Labor and Employment, the unemployment rate for the County is currently 3.0%, which is an increase from a rate of 2.8% a year ago. The County rate is lower than the state's average unemployment rate of 3.1%, which is lower than the national average rate of 4.1%.
- The Colorado Legislative Council reports that the 10-county western region's economy has lagged behind other areas in the state over the past few years; however, the economy has been improving as of late and more people are moving to the western region. Relatively affordable housing and an improving labor market are attracting people from Denver and other areas of the state and country.
- Despite lower natural gas production, a decline in the coal industry in the area, and low agricultural prices, the region's labor market in 2017 still showed improvement by posting the strongest job gains since 2008, increasing 2.7% over the prior year. The region's unemployment rate declined for the seventh consecutive year, as employment gains outpaced growth in the labor force. Government and hospitals are some of the largest employers in the region. However, employment growth in Grand Junction, the region's largest city, has decelerated modestly over the past three years.
- After years of subpar growth, the region's residential construction market has gained momentum. In 2017, the region's planning departments issued permits that will add almost 1,300 residential units, up 38.0% from the prior year. Growth picked up considerably in the last half of the year, suggesting the trend will continue into 2018. A limited number of existing homes and more people moving into the region is buoying the housing market. Higher rental prices in the region are also stimulating more people to buy a home. Conversely, activity in the region's nonresidential construction was down in 2017 compared with the year prior. The total value of nonresidential construction projects was down 34.9% in 2017, relative to year-ago levels.

All of these factors were considered in preparing the County's budget for 2018.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Montrose County Finance Director, 1845 S. Townsend Avenue, Montrose, Colorado 81401.

**MONTROSE COUNTY, COLORADO
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
YEAR ENDED DECEMBER 31, 2017**

Total Fund Balance - Governmental Funds \$ 48,947,785

Amounts reported for governmental activities on the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. 81,500,420

Bond premiums are reported as other financing items in governmental funds; however, they are recorded as additions to debt obligations in the statement of net position and are amortized over the life of the bonds to which they are related.

Bond Premium, Less Accumulated Amortization (28,143)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the internal service funds are included in the governmental activities in the statement of net position. 4,710,840

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.

Compensated Absences	(1,184,318)
Landfill Closure and Post-Closure Liability	(775,588)
Gravel Pit Remediation	(323,588)
Lease Purchase Agreement	(14,000,000)
Certificates of Participation	(1,795,000)
Total	(18,078,494)

Net Position - Governmental Activities \$ 117,052,408

See accompanying Notes to Financial Statements.

**MONTROSE COUNTY, COLORADO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2017**

Net Change in Fund Balances - Total Governmental Funds \$ 7,549,069

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Depreciation	\$ (4,739,220)
Capital Outlay	17,096,016
Total	12,356,796

Governmental funds do not report gains or losses on disposal of capital assets. However, in the statement of activities, the difference between the book value of the asset and the proceeds received on disposal is recognized as a gain or loss.

Net Book Value of Disposed Capital Assets	(603,110)
-------------------------------------------	-----------

Governmental funds report premiums on debt as other financing uses. However, in the statement of activities, premiums are allocated over the life of the debt and reported as amortization expense. This is the current year amortization expense.

5,629

Internal service funds are used by management to charge the costs of certain activities, such as fleet management to individual funds. The net revenue and transfers of the internal service fund is reported with governmental activities.

(998,378)

In the governmental funds, accruals for compensated absences are not recognized because they are not paid with expendable available financial resources. In the statement of activities, however, these accruals are reported regardless of when financial resources are available. This adjustment shows the change in the accrued compensated absences balance.

(42,645)

Long-term liabilities, including landfill post-closure costs, gravel pit, and claims are not due and payable in the current period and, therefore, are not reported in the funds. This adjustment shows the change in this liability.

50,670

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position and do not affect the statement of activities.

Purchase Agreement Proceeds	(14,000,000)
-----------------------------	--------------

Governmental funds report the repayment of principal on long-term debt as expenditures. However, these repayments are not reported in the statement of activities, but as a reduction of debt in the statement of net position. This amount is the effect of the difference in the treatment of these repayments.

Payments on Certificates of Participation	335,000
-------------------------------------------	---------

Change in Net Position of Governmental Activities **\$ 4,653,031**

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of Montrose County, Colorado (the County), have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following is a summary of the more significant principles:

Financial Reporting Entity

The County was formed in 1883. The governing body of the County is a three member Board of County Commissioners. The County provides the following services directly: general government, health and human services, public safety and protection, road and bridge services, and airport facilities. The County provides several additional services through other governmental organizations, which are excluded or included in this report, as detailed below.

Related Entities

Public Trustee

The Public Trustee is a state statutorily mandated position, whose financial transactions are independent of the County. However, all expenditures and associated funding transactions relating to the operations of the County Office of the Public Trustee are included in the General Fund.

Jointly Funded Organization

The County, in conjunction with other counties, shares in the financial support of the District Attorney of the Seventh Judicial District of the State of Colorado. In 2017, the County contributed \$846,289 for the operation of the District Attorney.

Other

The County Commissioners are also responsible for appointing the members of the boards of the Montrose County Housing Authority (the Housing Authority) and the Montrose Library District. However, the County's accountability for these organizations does not extend beyond making the appointments.

Government-Wide and Fund Financial Statements

The government-wide statements include the statement of net position and the statement of activities, which display information about the primary government (the County). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities are generally financed through taxes, intergovernmental revenues and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category - *governmental*, *proprietary* and *fiduciary* - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and proprietary funds are aggregated and reported as nonmajor funds.

Governmental Funds

Governmental funds are those through which governmental functions of the County are financed. The acquisition, use and balances of the County's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income. The following are the County's major governmental funds:

General Fund: is the general operating fund of the County. It is used to account for financial resources except those required to be accounted for in another fund.

Special Revenue Funds: are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects. The following are the County's major special revenue funds:

Road and Bridge Fund: This fund accounts for the maintenance and construction of County roads.

Social Services Fund: This fund accounts for the various public welfare programs administered by the County.

Public Safety Sales Tax Fund: This fund accounts for the proceeds of a County sales tax to be used to improve public safety programs.

Capital Projects Funds: are used to account for all resources that are restricted, committed or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities or other capital amounts. The following is the County's major capital projects fund:

Capital Expenditures Fund: This fund accounts for resources to be used for County building and property improvements.

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Funds (Continued)

The County reports the following major enterprise fund:

Montrose Airport: This fund accounts for the County's airports at Montrose (Montrose Regional Airport) and Nucla (Hopkins Field Airport), which provide services for both commercial and general aviation.

The County reports the following internal service funds:

Fleet Management Internal Service Fund: This fund is used to account for the capital assets, liabilities, and operational management of the Montrose County Fleet. The fleet-related services are provided to other County departments on a cost reimbursement basis.

Communications Center Fund: This fund is used to account for all costs associated with operating and maintaining the Countywide Emergency 911 Dispatch Center.

The County reports the following fiduciary fund type:

Agency Funds: This fund accounts for the monies held on behalf of other governments and agencies that use the County as a depository or for property taxes collected on behalf of the other governments or agencies.

Measurement Focus, Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are reported as revenue in the fiscal year for which the taxes are levied. Revenue from grants and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. The agency funds also use the accrual basis of accounting.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after year-end. Property taxes, sales taxes, licenses, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt and claims and judgments, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources. When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted revenues first, then unrestricted resources as they are needed.

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. The operating expenses for the proprietary funds include the cost of administrative expenses, services and supplies, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to October 15 of each year, a proposed operating budget is submitted to the County Commissioners for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted by the County to obtain taxpayer comments.
3. Prior to December 31, the budget is legally adopted at the fund level through passage of a resolution for all County funds, except the fiduciary fund types.
4. Any revisions that increase the expenditure of any fund or elected official budget must be approved by the County Commissioners by passage of a resolution.
5. Budgets for the governmental fund types are adopted on a basis consistent with GAAP. The proprietary fund types adopt budgets using a non-GAAP basis.

Appropriations are at the total fund expenditure level and lapse at year-end. Original budget appropriations, inclusive of interfund transfers out, for the year ended December 31, 2017 were \$87,912,125. The County had a supplemental appropriation totaling \$2,133,104, which increased final budget appropriations, inclusive of interfund transfers out, to \$90,045,229.

During 2017, supplemental appropriations resulted in budget amendments as follows:

Fund	Original Amount	Amended Amount
Governmental Activities:		
General Fund	\$ 24,642,165	\$ 25,222,817
Special Revenue Funds:		
Impact Fee Fund	-	52,452
Internal Services Funds:		
Fleet Management Fund	2,339,242	3,839,242

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash

Except for cash held by third parties (Fair Board, Weed Commission, Public Trustee, and Sheriff's Funds), all cash is deposited with the County Treasurer. The Treasurer invests the funds to achieve the best possible return on the investment. Investments in short-term certificates of deposit or cash equivalents are accounted for as cash in all funds. Interest income is allocated to funds as designated by the Board of County Commissioners.

Investments

Investments at December 31, 2017, consisted of obligations of U.S. Agency Bonds stated at fair market value, CSAFE and Money Market Mutual Funds stated at amortized cost and COLOTRUST stated at net asset value.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash equivalents are defined as liquid investments with original maturity dates of 90 days or less at time of purchase.

Receivables and Payables

All property tax and other receivables are shown net of an allowance for uncollectibles. Activities between funds where an outstanding balance is present at year-end and is expected to be repaid within one year are reported as "due to/from other funds" in the fund financial statements. If such balances are expected to remain outstanding for more than one year from the current year-end date, the balances are reported as "advances to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Property Taxes

Revenue Recognized in 2017

Local property taxes levied for 2016 and collected by December 31, 2017 are recognized as revenue in these financial statements as shown below:

	Assessed Valuation	Mill Levy	Amount of Taxes			Percentage Collected of	
			Levied	Budgeted	Collected	Levied	Budgeted
General Fund	\$ 517,401,415	20.022	\$ 10,359,411	\$ 10,359,481	\$ 10,322,110	99.64%	99.64%
Social Services	\$ 517,401,415	3.000	\$ 1,552,204	\$ 1,552,204	\$ 1,546,626	99.64%	99.64%

Assessed Valuation

The assessed valuation for property in the State of Colorado is determined using base year market values. The certified assessed valuation for 2016 property taxes remitted in 2017 increased to \$517,401,415 from \$517,303,322 for 2015 property taxes remitted in 2016.

Property Tax Calendar

Property taxes are not due and payable until after the assessment year has ended and are not included in the budget or statement of revenues, expenditures, and changes in fund balance of the assessment year.

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property Taxes (Continued)

Property Tax Calendar (Continued)

Property taxes are recorded as deferred inflows of resources in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

Property taxes are levied on or before December 15 of each year and attach as an enforceable lien on the property on January 1. Taxes are payable in full on April 30 or in two installments on February 28 and June 15. The County bills and collects its own property taxes and the taxes for various other entities.

Inventory

Inventories of the Road and Bridge Special Revenue Fund are valued at cost. The costs of the inventories are recorded as expenditures when used. The reported inventories are equally offset by nonspendable fund balance.

The inventories of the proprietary funds are stated at cost, using the first-in, first-out method, or market.

Capital Assets

Capital assets, which include land, buildings and improvements, furniture and equipment, construction in progress, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. The County defines capital assets as equipment and fixtures with an initial, individual cost of more than \$5,000, land, land improvements, and buildings with an initial cost of more than \$50,000 and infrastructure with an initial cost of more than \$250,000. Such assets are recorded at acquisition cost or estimated acquisition cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition cost at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are completed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Landfill Disposal Systems	25 years
Drainage Systems	25 years
Water Systems	25 years
Roads	20 - 50 years
Buildings and Improvements	7 - 40 years
Runways and Access Roads	15 - 20 years
Vehicles	5 - 15 years
Furniture and Equipment	3 - 20 years

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accrued Vacation Payable

It is the County's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. In the proprietary funds and in the government-wide financial statements, all vacation and sick pay earned is accrued and reported as accrued compensated absences. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund-type statement of net position. Long-term debt premiums and discounts are amortized over the life of the related debt using the straight-line method, which approximates the effective interest method. Debt issuance costs are expensed as incurred.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

Net position is classified in three components. Net investment in capital assets consists of capital assets, net of accumulated depreciation, and is reduced by the current balances of any outstanding borrowings used to finance the purchase or construction of those assets. Restricted net position is noncapital assets that must be used for a particular purpose, as specified by creditors, grantors, or contributors external to the County. Unrestricted net position is the remaining net position that does not meet the definition of net investment in capital assets or restricted net position.

Fund Equity

In the governmental fund financial statements, governmental funds report the following classifications of fund balance:

Nonspendable: includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.

Restricted: includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

Committed: includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of County Commissioners, the County's highest level of decision-making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of County Commissioners.

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Equity (Continued)

Assigned: includes amounts the County intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. The Board of County Commissioners has designated the Director of Finance as the County employee with authority to assign fund equity.

Unassigned: is a residual classification within the General Fund. The General Fund is the only fund that would report a positive amount in unassigned fund balance. Negative fund balances in other governmental funds are reported as unassigned once other purposes of that fund were reduced.

For the General Fund, in the event that an expenditure can be considered restricted or unrestricted (committed, assigned, or unassigned) and both categories have available amounts, the funds will be first applied against the most restrictive fund balance classification.

The order of use of funds for special revenue funds and the capital projects fund will be from the least constrained to most constrained (i.e., unassigned, assigned, committed, restricted, and then nonspendable).

NOTE 2 DEPOSITS AND INVESTMENTS

At December 31, 2017, the County's cash and investments consist of the following:

Cash and Investments - Statement of Net Position	\$ 51,034,208
Cash and Investments, Restricted - Statement of Net Position	325,548
Cash and Investments - Fiduciary Funds	1,883,486
Total	<u>\$ 53,243,242</u>

At December 31, 2017, cash and investments of the County are held as follows:

Cash on Hand	\$ 4,187
Cash Deposits	12,318,104
Investments	40,920,951
Total	<u>\$ 53,243,242</u>

Cash Deposits

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash be in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

Investments

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest, which include:

- Obligations of the United States and certain U.S. government agencies' securities
- Certain international agency securities
- General obligation and revenue bonds for U.S. local government entities
- Bankers' acceptance of certain banks
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain securities lending agreements
- Certain money market mutual funds
- Guaranteed investment contracts
- Local government investment pools
- Certain corporate bonds

Investments of the County at December 31, 2017 are as follows:

	Standard & Poor's Rating	Fair Value	Maturity	
			Less than 1 Year	1-5 Years
Local Government Investment Pools	AAAm	\$ 33,994,498	\$ 33,994,498	\$ -
Money Market Mutual Funds	AAAm	360,732	360,732	-
Negotiable CDs	AA+	1,220,078	-	1,220,078
U.S. Agency Bonds	AA+	5,345,643	966,890	4,378,753
Total Investments		<u>\$ 40,920,951</u>	<u>\$ 35,322,120</u>	<u>\$ 5,598,831</u>

As of December 31, 2017, the County has invested \$24,841,421 in the Colorado Government Liquid Asset Trust (COLOTRUST), an investment vehicle established for local government entities in Colorado pursuant to Part 7 of Article 75 of Title 24 of the Colorado Revised Statutes (CRS), to pool surplus funds for investment purposes. COLOTRUST operates similarly to a money market fund and each share is equal in value to \$1.00. The designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned by the pool are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the pool. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period. Separately issued financial statements may be obtained at the following address:

COLOTRUST
717 17th Street, Suite 1850
Denver, Colorado 80202 www.colotruster.com

MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

As of December 31, 2017, the County has invested \$9,153,077 in the Colorado Surplus Asset Fund Trust (CSAFE). CSAFE is a local government investment pool that operates similarly to COLOTRUST. Investments of the pool consist of securities of the United States Treasury, United States agencies, primary dealer repurchase agreements and Colorado depositories (with short term ratings of A1 or better) in which the deposits are collateralized at 102% of market value under the provisions of PDPA. The custodian's internal records identify the investments owned by the pool. Separately issued financial statements may be obtained at the following address:

CSAFE
1675 Broadway, Suite 500
Denver, CO 80202 www.csafe.org

Credit Risk

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. It is the County's policy to limit its investments to U.S. Treasury obligations, repurchase agreements, government backed securities, money market mutual funds, local government investment pools, and corporate obligations.

The County's investment policy is to apply the "prudent investor" rule, which states, "investments shall be made with the care, skill, prudence and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of a plan of like character with like aims." Investments shall be diversified so as to minimize the risk of loss and to maximize the rate of return.

Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's investment policy, along with Colorado statutes, does not allow investment maturities to exceed five years.

Concentration of Credit Risk

Concentration of credit risk arises from the magnitude of an investment in a single issuer. As of December 31, 2017, more than 5% of the County's investments were invested in Federal National Mortgage Association (FNMA) federal agency securities.

Fair Value

The County categorized its fair value measurements within the fair value hierarchy established by generally accepted accounting principles.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value.

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

Fair Value (Continued)

Level 1: Quoted prices (unadjusted) in active markets for an identical asset or liability that a government can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs for an asset or liability.

The County has the following fair value measurements as of December 31, 2017:

	12/31/2017	Level 1	Level 2	Level 3
<u>Investments by Fair Value Level:</u>				
U.S. Agency Bonds	\$ 5,345,643	\$ -	\$ 5,345,643	\$ -
Negotiable CDs	1,220,078	-	1,220,078	-
Total Investments by Fair Value Level	6,565,721	-	6,565,721	-
Investments Measured at Amortized Cost				
Money Market Mutual Funds	360,732			
CSAFE	9,153,077			
	9,513,809			
Investments Measured at Net Asset Value

Certificates of Participation

Certificates of participation dated October 1, 2012, in the amount of \$3,395,000, with interest at 2-3%, were issued pursuant to a lease purchase agreement with a financial institution for the construction of a Justice Center.

Future minimum payments under the lease purchase agreement as of December 31, 2017 are as follows:

Year	Principal	Interest	Total
2018	\$ 340,000	50,838	\$ 390,838
2019	350,000	42,338	392,338
2020	355,000	33,150	388,150
2021	370,000	22,500	392,500
2022	380,000	11,400	391,400
Total	<u>\$ 1,795,000</u>	<u>\$ 160,226</u>	<u>\$ 1,955,226</u>

Lease Purchase Agreement

On August 30, 2017, the County entered into a lease purchase agreement with a financial institution in the amount of \$14,000,000 with interest at 2.85% to construct an events center at the Montrose County Fairgrounds, to construct a road and bridge facility, and for other necessary capital improvements of the County. Principal payments begin in 2018 and are due each year through 2032.

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 6 LONG-TERM DEBT (CONTINUED)

Lease Purchase Agreement (Continued)

Future minimum payments under the lease purchase agreement as of December 31, 2017 are as follows:

Year	Principal	Interest	Total
2018	\$ 761,045	399,000	\$ 1,160,045
2019	782,735	377,310	1,160,045
2020	805,043	355,002	1,160,045

2022	851,584	308,461	1,160,045
2023 - 2027	4,636,107	1,164,119	5,800,226
2028 - 2032	5,335,499	464,728	5,800,227
Total	<u>\$ 14,000,000</u>	<u>\$ 3,400,679</u>	<u>\$ 17,400,679</u>

Conduit Debt

During 2007, the County acted as bond issuer for a third-party mental health facility. The bond issue was for a principal amount totaling \$1,600,000. The bonds are Revenue Bonds, Series 2007. The Bonds matured on June 28, 2017 and did not constitute indebtedness of the County.

NOTE 7 PENSION PLAN

Retirement Plan

The County participates in the Colorado County Officials and Employees Retirement Association Defined Contribution Plan (CCOERA), a multiple-employer public employee retirement system, which is a qualified plan as defined by Internal Revenue Service Code Section 401(A) and CRS 24.54. The plan provides retirement benefits through a defined contribution plan to participating Colorado counties, municipalities, and special districts. In a defined contribution plan, benefits depend solely on amounts contributed to the plan, plus investment earnings. Plan provisions and contribution requirements are established and may be amended by CCOERA and would have to be approved by the County.

There are no unfunded past service liabilities. All full-time employees are required to participate in the plan after six months of service. The County is required to contribute 4% of employee compensation, excluding overtime. The employee is required to contribute an amount equal to the County's contribution, and may contribute up to an additional 10% of their compensation. Employees are immediately vested in their participant contributions and become vested in employer contributions to the plan over a five-year period.

During 2017, the County and employees each made their respectively required 4% contribution amounting to \$676,741, for a total of \$1,353,482.

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 8 RISK MANAGEMENT

County Workers Compensation Pool

The County is exposed to various risks of loss related to injuries of employees while on the job. The County joined together with other counties in the State of Colorado to form the County Workers Compensation Pool (CWCP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The intergovernmental agreement of formation of CWCP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and that the pool will purchase insurance through commercial companies for members' claims in excess of specified self-insured retention, which is determined each policy year.

Colorado Counties Casualty and Property Pool

The County is exposed to various risks of loss related to casualty and property losses. The County has joined together with other counties in the State of Colorado to form the Colorado Counties Casualty and Property Pool (CAPP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The intergovernmental agreement of formation of CAPP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and that the pool will purchase insurance through commercial companies for members' claims in excess of a specified self-insured retention, which is determined each policy year.

In the past three years, the amount of settlement for any claim has not exceeded the insurance coverage in any instance.

The County carries commercial insurance for all other risks of loss. The County has had no settlements in excess of insurance coverage for each of the past three fiscal years.

NOTE 9 COMMITMENTS AND CONTINGENCIES

Pending Litigation

The County is involved in various lawsuits. Management does not believe the potential loss to the County from any of these lawsuits would have a material impact on the financial statements.

TABOR Amendment

Colorado voters passed an amendment to the State Constitution, Article X, Section 20 (the Taxpayer Bill of Rights, otherwise known as TABOR), which has several limitations, including revenue raising, spending abilities and other specific requirements of state and local governments. The amendment is complex and subject to judicial interpretation. The County believes it is in compliance with the requirements of the amendment. However, the County has made certain interpretations of the amendment's language in order to determine its compliance.

In November 2006, Montrose County voters approved an exception to the TABOR limits for all revenues except property taxes.

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 9 COMMITMENTS AND CONTINGENCIES (CONTINUED)

Federal Funding

Under the terms of federal and state grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursements to the grantor agencies. Management believes that any disallowances, if any, resulting from any such audits would not be material to the financial statements.

NOTE 10 CLOSURE AND POST-CLOSURE CARE COST

The County entered into a service agreement with the contractor for operation of the current landfill, which requires the contractor to pay the County based on incoming volumes, at \$0.10 per yard. The term of the agreement is 40 years. State and federal laws and regulations require the County to place a final cover on its landfill site within 6 months of the date it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. The private contractor is responsible for closure costs and the County for post-closure costs. Although post-closure care costs will be paid only after the date that the landfill stops accepting waste, the County reports estimated post-closure care costs as a liability.

The County's estimate of the closure and post-closure care costs liability at December 31, 2017, based on landfill capacity used to date, is \$775,588. The County will recognize the remaining estimated costs of closure and post-closure as the remaining estimated landfill capacity is filled. The County estimates the remaining life of the East End landfill to be 67 years as of December 31, 2017. Actual costs may be higher or lower due to inflation, changes in technology or changes in regulations.

	<u>Total Costs</u>	<u>Approximate Used Amount</u>	<u>Liability</u>
East End Closure	\$ 722,452	38.16%	\$ 275,680
East End Post-Closure	407,413	38.16%	155,464
West End Post-Closure	480,840	100.00%	344,444
Total	<u>\$ 1,610,705</u>		<u>\$ 775,588</u>

The County is required by state and federal laws and regulations to provide financial assurance to demonstrate that adequate funds will be readily available for the costs of closure and post-closure care. In addition, the County has voluntarily designated \$790,345 of invested funds for post-closure care.

**MONTROSE COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 11 LEASES

The Airport leases facilities and land to various airlines, concessionaires and others. Substantially all of the leases are operating leases for land, building, and terminal space. The leases contain provisions for cancellation by either party if certain conditions are met. The following is a schedule, by year, of minimum future rentals of the operating leases as of December 31, 2017:

Year Ending December 31	Amount
2018	\$ 58,734
2019	43,994
2020	40,874
2021	39,995
2022	29,300
2023-2027	123,058
2028-2032	69,263
2033-2037	25,346
2038-2042	6,461
Total	\$ 437,025

**MONTROSE COUNTY, COLORADO
NONMAJOR GOVERNMENTAL FUNDS**

Special Revenue Funds

Special revenue funds are used to account for revenues of the County, which finance specified activities as required, by law or administrative action.

Conservation Trust Fund accounts for revenue received from the State of Colorado to be used for the acquisition, development, and maintenance of new and existing parks and recreational sites. The funds are derived primarily from the Colorado State Lottery.

County Clerk Technical Fund accounts for a portion of fees to be used for technology advances in the Clerk and Recorder's office.

Solid Waste Fund formerly accounted for the operations of the County landfill and recycle activities. These activities were sold December 31, 1996. The fund now accounts for general government activities.

Impact Fee Fund accounts for impact fees to be used for future capital needs.

Local Public Health Fund accounts for revenue received to be used to provide for public health services for the citizens of Montrose County, Colorado.

Debt Service Funds

Debt service funds are used to account for the accumulation of resources and payment of principal and interest related to the County's long-term debt and special assessment bond principal and interest from special assessment levies when the County is obligated in some manner for payment.

Justice Center Fund accounts for debt service payments on the County's 2012 certificates of participation issued to construct the Justice Center.

**MONTROSE COUNTY, COLORADO
PROPRIETARY FUNDS**

Proprietary funds are used to account for activities of the County that are managed similarly to for-profit businesses whereby the user fees are intended to cover a majority of the fund's expenses.

Montrose County Airport Fund accounts for the County's airports at Montrose (Montrose Regional Airport) and Nucla (Hopkins Field Airport), which provide services for both commercial and general aviation.

Fleet Management Internal Service Fund accounts for the capital assets, liabilities, and operational management of the Montrose County Fleet. The fleet-related services are provided to other County departments on a cost-reimbursement basis.

Communications Center Fund accounts for all costs associated with operating and maintaining the Countywide Emergency 911 Dispatch Center.

FIDUCIARY FUNDS
AGENCY FUNDS**

Agency Funds

Agency funds account for assets held by the County as an agency for individuals, private organizations, other governments, and/or other funds.

County Clerk Clearing accounts for all monies collected (principally tax collections) by the Montrose County Clerk for various local government entities within the County.

Deposits Held for Others accounts for development fees collected and disbursed for the acquisition of real property needed for the expansion of school sites and/or facilities and parks, performance deposits, and funds held for other organizations, including the Public Trustee.

Explanation of columns:

- A County EBT Authorizations - Payments for human service programs authorized by the County, net of refunds. These County authorizations are paid by the Colorado Department of Human Services by electronic benefit cards (EBT) and by electronic funds transfers (EFT).
- B County Share of EBT Authorizations - Amounts are settled monthly by a reduction of State cash advances to the County and are net of any refunds.
- C Expenditures By County Warrant - Expenditures made by County warrants or other County payment methods.
- D Represents the total cost of the human service programs that are administered by the County.
- E Equals the expenditures on the statement of revenues, expenditures, and changes in the fund balances - governmental funds, social services fund column of this document.

The public report burden for this information collection is estimated to average 380 hours annually.
