boxwood (leaves and twigs)  
burning bush (all parts)  
elderberry (all parts)  
holly (berries, leaves)  
hydrangea (leaves and buds)  
privet (all parts)  
wisteria (all parts)

Different parts of plants are poisonous. Keep all plants away from small children. Before treating a child who has eaten a plant call Rocky Mountain Poison Control. Denver Metro: 303-739-1123 Outside Metro Denver: 800-332-3073

The following is a limited list of specific plants that have been classified as poisonous. The exclusion of a plant from this list does not mean it would be accepted within a child care facility if there were a potential hazard to the children or staff.

Cornell University has a website titled "Poisonous Plant Informational Database" that provides useful information on poisonous plant <http://www.ansci.cornell.edu/plants/index.html>
